

THE COMO RANGE

# INTRODUCING THE COMO RANGE

A portal framed structure range in two frame sizes running from 9m<sup>2</sup> to 25m<sup>2</sup> in each separately covered area in a wide variety of coloured frame and roof systems, fabric designs and colours including a fully watertight ability.

A superb range of accessories include fabric and glazed walls, opening and roll up curtains and roller blind systems can make this unit exactly what you want.

The ability to join units together in differing arrangements and sizes allows an almost infinite variety of overall layouts to suit your positioning requirements.

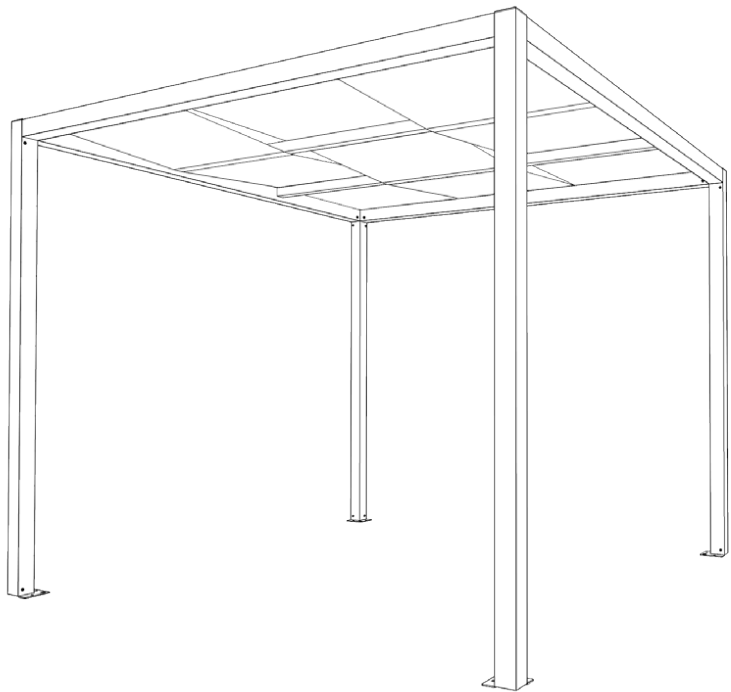

Bespoke units can be manufactured at special dimensions so as to enable a precise fit to any space. Size is no problem – we can build what you need.

**A full technical brochure is available.**
